Dear friends at Gold Country Woodcrafters,

Recently 4-year-old Janie\*, 5-year-old Michael\* and their mom Taylor\* moved into our shelter. Taylor was a broken spirit when she came to us. She was worried for her safety and that of her children. They left their home of 10 years with just the clothes they were wearing leaving all their favorite things behind. Staying in our shelter, Taylor and her children are now in a loving and safe environment and with your donation, they will feel cared for and supported!

Every 9 seconds a woman is physically assaulted in the United States. Studies suggest that nearly 10 million children witness some form of domestic violence annually. UNICEF has called this one of the most pervasive human rights challenges of our time. By contributing to The Center, you help us provide care and support to the women and children seeking a safe harbor from the violence that threatens their lives every day.

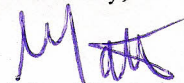

**Because of you... the future looks brighter for Taylor, Janie, Michael and the many in our community who are just like them.**

Your donation valued at \$100.00 has been recorded with the receipt number (if appropriate) and a brief description of your gift as follows:

1954; Hand-crafted Wooden Toys

Once again, thank you for your generosity. Working together, we are making a difference!

Sincerely,

  
Matt Huckabay  
Executive Director
